

ENGAGE FORWARD

Engage Forward, formerly called Civic Engagement Projects, empowers class members from the Engage program to take active roles in the community through this partnership with local nonprofit agencies. Engage Forward connects your nonprofit organization with this year's Engage Program class members to actively collaborate on finding solutions to issues facing your organization or the community you serve. Your organization (and those you serve) will be the beneficiary of this infusion of manpower, creativity, connections, and effort. These projects will be highlighted in communications and events to our alumnit throughout the year. The impact of these class projects has historically been significant and of lasting benefit to the participating organizations.

We will begin with a collaborative workshop to create project ideas from your supplied issues, then generate project proposals. Proposals will then be judged by the alumni committee to be presented to the class. The class will then select the projects that they wish to support.

About Leadership Palm Beach County

Leadership Palm Beach County is a nonprofit organization that brings together leaders from the public, private and nonprofit sectors to build and steward a vibrant, interconnected community. Leadership Palm Beach County consists of over 2,000 of our county's professional and community leaders.

Every year, Leadership PBC welcomes approximately 55 new members into the organization as class members of the Engage Program. Leadership PBC offers these leaders a unique opportunity to be part of a class that has come together to:

- > Enhance their personal and professional leadership skills
- > Understand the complex issues facing Palm Beach County through open, thought-provoking, and balanced discussion
- > Participate in civic work that aims to serve the greater good of our community
- > Build relationships with other leaders who find solutions to the challenges facing our county

For over 20 years, a critical part of the Engage Program's leadership experience is participation in a community service project with a local nonprofit organization. We do this to increase the working relationships of our class members and to encourage lasting relationships with local organizations that are actively engaged in making Palm Beach County better.

Past classes have been composed of individuals from various fields such as nonprofit organizations, Business, Government, Law, Marketing, Finance, and Healthcare, with jobs at all levels from CEOs and Executive Directors to project administration and HR. Due to the unique nature of Leadership Palm Beach County, each incoming class will have its own diversity of careers and skills to contribute to Engage Forward projects.

Selection and Judging of Proposals

All organizations are allowed to submit up to two project proposals consisting of a completely unique proposal document package for each project idea. All proposals are judged by our Alumni committee, composed of Leadership PBC Alumni from the nonprofit industry and related professions. A maximum 100 points can be accumulated through 4 sections and an endorsement letter from your organization leadership. The scores will be reviewed and projects discussed by the committee, and 4-6 projects will be selected to present to the class. Those projects will be asked to "pitch" their project and organization to the class at their Orientation. The class will then select the projects they wish to work with at their retreat. Selected proposals will be given to all class members (unedited and as submitted) to aid in their decision making.
